Agra Innovate West Africa

Lagos

The 8th annual edition of **Agra Innovate West Africa Lagos** expo in Nigeria will host innovative exhibitors and attendees from over 20 countries - within sub Saharan Africa, across Europe, Asia, and North America - in Lagos, Nigeria, for 2 days of intense learning and networking.

Year after year, our attendees use Agra Innovate as a credible networking platform for achieving their strategic organisational goals in relation to building sustainable agribusiness partnerships across not less than 10 agricultural value chains in the sector.

The agenda will feature 30+ agribusiness veterans, young innovative agricultural value chain development experts, with diversity in gender, nationality, and academic discipline, who adequately addressed this year's theme which is: Optimising the potentials of agricultural value chains & infrastructure, to strengthen food security, export capacity & cross border trade in West Africa. We look forward to your participation in the most important agricultural industry gathering of 2021.

CONNECTING FOOD & BEVERAGE MARKETS FROM FARM TO FORK

Agra Innovate West Africa

“Agra Innovate West Africa is the best opportunity available to agripreneurs in this part of the world to succeed in agribusiness. It remains the biggest gathering of the most beautiful minds in agriculture in Sub-Saharan Africa. I will not miss the subsequent editions of this expo for anything.”

VALUE CHAINS REPRESENTED

“A great event! The Agra Innovate West Africa expo has the potential to aid the agricultural transformation of Nigeria and the region.”

Adekunle Oyelami,
Chief Reponsibility Officer, **Morafem Integrated Enterprises**

THE EXHIBITION

Lucrative opportunities for partnership, collaboration, technology transfer and knowledge sharing now exist throughout all elements of Nigeria's diverse agricultural sector. Foreign suppliers and investors are being welcomed in to help propel and drive this ongoing growth.

Now in its 8th successful year and designed with the support of key public and private organisations, Agra Innovate has already welcomed suppliers from some 20 different countries across four different continents. The 2021 edition will have a dedicated zone for Food and Beverage industry suppliers and will see yet more international agribusiness professionals travelling in to Lagos to explore new business opportunities across Nigeria's diverse food production, processing and manufacturing sectors.

“ Agra Innovate is a brilliant expo. It provides a melting pot for entrepreneurs, business leaders, professionals and suppliers to connect, network and share knowledge that can transform agriculture in West Africa and Africa at large. ”

Adekunle Oyelami, Chief Responsibility Officer,
Morafem Integrated Enterprises

“ Agra Innovate West Africa is a really credible event that exposed me to different agricultural tools for farming and networking with new people, agriculture development experts and companies, with diversity in gender, academic discipline and nationality. ”

Ayobami Shekoni, Agent,
N-Power

TOP 5 REASONS TO EXHIBIT

MEET with buyers, investors, key decision makers, agricultural development officials and policy makers from Nigeria and the wider region.

LAUNCH your products/brand and gain exposure to an unparalleled group of potential partners, buyers, resellers and investors.
